Now there's some "thing" special in pinball!!

It's a universally beloved and instantly recognizable creation that has endured for over 50 years. From original cartoon drawings in *The New Yorker Magazine* to a campy, classic television series in the '60s, THE ADDAMS FAMILY™ now comes to pinball with all the humor and theatricality that has made it world famous.

Only the Williams Bally/Midway family could design such a delightfully inspired pinball sensation that faithfully recaptures all the magic and wonder of the year's box office smash hit success.

THE ADDAMS FAMILY pinball is the movie with a full musical score that will have players snapping their fingers for more, speech by the incomparable Raul Julia and Anjelica Huston, brilliant graphics, and dazzling effects highlighted by some of the most spectacular imagery ever presented on Williams Bally/Midway's

exclusive state-of-the-art full size Dot Matrix Display.

For playfield action and features, THE ADDAMS FAMILY proves not only that weird is relative, but that here's a machine truly in a class by itself, built to deliver and sustain the kind of exceptional earnings you've come to expect from the #1 company in the world.

Players will be mesmerized by an array of such phenomenal attractions as an electric chair, revolving bookcase, treasure vault, swamp, graveyard, train wrecks, Cousin It and an appearance by Thing himself who ably lends a hand to all the fun. But there's still more with a mansionful of amazing awards that include the Mamushka, Seance, Fester's Tunnel Hunt, Raise the Dead and the ultimate **Power of THE ADDAMS FAMILY.**

Two- or three-ball Multi-ball™ play, Jackpots and Super Jackpots, Million Plus scoring, multiple flippers, skill shots, ramps and five thumper bumpers make THE ADDAMS FAMILY a unique pinball experience. In addition, leave it to Williams Bally/Midway to introduce a remarkable innovation—an **industry first**—"Thing Flips"!! Using advanced, patented artificial intelligence systems, the game *learns* to accurately shoot the ball from the upper left flipper automatically during this special mode.

Also, only THE ADDAMS FAMILY features our exclusive Tru-Pitch™ leveling system. This allows operators everywhere to level the game in precise half degrees, between six and eight, without removing the playfield glass. And THE ADDAMS FAMILY features even more with the industry's first perfected Optical target bank to ensure optimum reliability and maximum performance.
