*Meanest doesn't really mean mean as in mean. It means mean as in cool, hip, awesome, the best, etc. The above photo is of a fictional character named Spike. Any resemblance to an actual mean junkyard dog is purely coincidental.

IT'S NOT HARD TO PLAY IN THE YARD

Exciting features and extra points lurk within the Great Toilet.

Take the abandoned Magic Bus for crazy random awards.

Players of all levels can shoot Crazy Bob's Crane in the center of the junkyard for wild multi-ball action.

Shoot mean old Spike 3 times to collect junk. Blast Spike with a makeshift Toast Gun to win extra points in dot matrix games.

Players collect junk to build a flying jalopy and go on exciting adventures, picking up fireworks for the ultimate battle with Crazy Bob in outer space.

Shop for random awards on the backglass by using flippers to stop flashing light in Window Shopping mode.
