INDIANA JONES®

**A SUPERPIN WITH
AWARD-WINNING SPECIAL EFFECTS**

**RELIABILITY ...
BY DESIGN**

Williams' new trough design with 7 optical sensors now means less moving parts and fewer parts to replace.

NEW **DCS**
SOUND SYSTEM

BLASTS THE COMPETITION—It's a new pinball soundscape that will eclipse everything that has come before! No other arcade or home game sound system can play back music, speech and sound effects like Williams' DCS (Digital Compression System). This 4-track digital playback system now, for the first time, brings symphonic sound to the world of coin-op! *INDIANA JONES* combines musical selections from all 3 movies and ties them together with an original theme for the pinball game; most sound effects in the game were taken from or based on actual movie sound effects.

SPECIFICATIONS

Height: 76" (194 cm)
Height with backbox folded: 56" (142 cm)
Width: 29" (74 cm)
Depth: 55" (140 cm)
